Motion to Remand

COMES NOW the plaintiff, Category 5 Management Group, LLC (hereinafter "CAT 5"), in the above styled cause and moves this Honorable Court to remand this action to the Circuit Court of Mobile County, Alabama, on the grounds that this Court has no jurisdiction over this case which was removed to this Court by the defendants pursuant to 28 U.S.C. §§1332, 1441 and 1446. In summary, the defendant, Colonel McCrary Trucking, Inc.'s (hereinafter "CMT"), Notice of Removal was filed more than 30 days and more than one year from the date that it was put on notice of CAT 5's Cross Claim filed in the Circuit Court of Mobile County; consequently, CMT was prohibited from removing the case based upon the express provisions of 28 U.S.C. §1446(b). Further, since CMT could not remove the case by virtue of the 30 day and one year statutory limitation periods, it could not give its consent to removal of those claims asserted by CAT 5 against CMT's co-defendants, National Casualty Insurance Company (hereinafter "National Casualty") and Ace American Insurance Company (hereinafter "Ace"); thus, the

unanimity required for removal could not be met and, as a result, this case in its entirety should be remanded to state court.

I. Standard of Review

The defendants removed this case based upon alleged diversity jurisdiction. Subject matter jurisdiction is a necessary prerequisite to the ability to maintain a removed action in federal court. 28 U.S.C. §1447(c) provides that a case “should be remanded” if “at any time before final judgment it appears that the District Court lacks subject matter jurisdiction.”

There are a number of basic legal principles regarding diversity-of-citizenship jurisdiction: that §1332 grants federal courts jurisdiction over cases between ‘citizens of different states’; that the party seeking diversity jurisdiction has the burden of establishing jurisdiction by a preponderance of the evidence...; that diversity is determined when the suit is instituted, not when the cause of action arose,...; and that, for diversity jurisdiction to exist, there must be ‘complete diversity,’ that is, each defendant must be a citizen of a state different from that of each plaintiff.

McDonald v. Equitable Life Ins. Co. of Iowa, 13 F. Supp. 2d 1279, 1280 (M.D. Ala. 1998).

(Citations omitted.)

28 U.S.C. §1446(b) reads as follows:

The notice of a removal of a civil action or proceeding shall be filed within thirty days after the receipt by the defendant, through service or otherwise, of a copy of the initial pleading setting forth the claim for relief upon which such action or proceeding is based, or within thirty days after the service of summons upon the defendant if such initial pleading has then been filed in court and is not required to be served on the defendant, whichever period is shorter.

If the case stated by the initial pleading is not removable, a notice of removal may be filed within thirty days after receipt by the defendant, through service or otherwise, of a copy of an amended pleading, motion, order or other paper from which it may first be ascertained that the case is one which is or has become removable, except that a case may not be removed on the

basis of jurisdiction conferred by §1332 [diversity] of this title more than 1 year after commencement of the action. (Emphasis added.)

A case may not be removed on the basis of diversity jurisdiction more than one year after the commencement of the action. Baylor v. District of Columbia, 838 F.Supp. 7 (D.D.C. 1993); The removal statute's time requirement for timely filing notice of removal is not jurisdictional, but is mandatory and must be strictly applied. Weaver v. Miller Elec. Mfg. Co., Inc., 616 F.Supp. 683 (S.D. Ala. 1985); Kerr v. Holland America-Line Westours, Inc., 794 F.Supp. 207 (E.D. Mich. 1992). Because CMT's Notice of Removal was not filed within thirty days of the filing of the Motion for Leave to File Cross Claim, and, perhaps more importantly, beyond the one year statutory period, this Court lacks jurisdiction to hear this case.

II Statement of Underlying facts

The facts of the underlying state court case are not unknown to this Court: this is the third removal and Motion to Remand for this Court to consider arising out of the original state court proceedings. The following statement of facts is taken *verbatim* from this Court's Order dated December 19, 2007, granting remand as to the first removed action; although incorrect on one factual allegation, this Order succinctly sets forth the underlying facts of the initial Complaint filed in state court:

On or about August 7, 2007, plaintiffs Celena L. Sprinkle (individually and as mother and next friend of her three-year old daughter, Breana F. Stewart) and Tracey Lee Stewart filed a Complaint in the Circuit Court of Mobile County, Alabama against defendants R.D. Construction, Inc., Colonel McCrary Trucking, LLC, and Joe Edward Johnson. The Complaint alleged exclusively state-law causes of action for various permutations of negligence and wantonness (including negligent and wanton hiring, training, supervision, and entrustment with respect to the corporate defendants) arising from an automobile accident on

Highway 59 in Baldwin County, Alabama on the afternoon of July 11, 2007. According to the Complaint, plaintiffs sustained injuries when their vehicle was struck by a truck that ran a red light. The Complaint alleges that defendant Johnson was the driver of the truck, that defendant R.D. Construction owned the truck that R.D. Construction employed Johnson, and that Johnson was driving on R.D. Construction's behalf at the time of the accident.

No specific monetary damages were claimed in the Complaint; however, plaintiffs seek compensatory and punitive damages, including an award of past and future medical costs, lost wages, pain and suffering, and the like. The injuries for which plaintiffs seek recompense include "a severe head injury" to plaintiff Sprinkle that is "believed at this time to be permanent," as well as "a severe spinal cord injury" to young Breana Stewart which has left her "paralyzed from her neck down." ... Remand Order dated December 19, 2007, pp. 1-2; Case No.: 07-0713-WS-B.

The only point of clarification to the above has to do with the employment status of the individual defendant, Joe Edward Johnson: rather than an employee of R.D. Construction, discovery in the underlying case revealed that he was, in fact, an employee of CMT at the time of the accident.

On January 28, 2008, the plaintiffs in the underlying suit filed an Amended Complaint which added, among others, CAT 5 as a defendant. One of the plaintiffs' theories of liability against CAT 5 rested upon the existence of contract which CAT 5 had entered into with CMT for the removal of Hurricane Katrina debris in Louisiana. See Contract, Exhibit One. This contract was in force at the time of the accident giving rise to the plaintiffs' lawsuit. Plaintiffs claimed, in part, by virtue of the contractual relationship between CAT 5 and CMT that CAT 5, as principal, was legally responsible for the acts and/or omissions of CMT and its driver, Joe Edward Johnson.

This same contract (Exhibit 1) provided, in part, for CMT to indemnify and hold harmless CAT 5 for any liability arising out of CMT's performance of the contract. Pursuant to the indemnity provisions of this contract, written demand was made by CAT 5 on CMT [and CMT's insurance companies, National Casualty (primary) and Ace (excess)] for CMT to defend and indemnify CAT 5 for the claims asserted by the plaintiffs in the underlying case. CMT, National Casualty and Ace denied CAT 5's demands for defense and indemnity. Consequently, On September 26, 2008, CAT 5 filed a Motion for Leave to File Cross Claim against CMT for breach of contract based upon CMT's refusal to defend or indemnify CAT 5. The Motion for Leave, together with the proposed Cross Claim which was attached thereto, was electronically served on CMT through its counsel the same day, September 26, 2008. Thus, as of September 26, 2008, CMT was on notice of the claims asserted against it by CAT 5. Ultimately, the Motion for Leave was granted by the Circuit Court on October 9, 2008, and the Cross Claim was filed on November 6, 2008. CMT filed a motion to dismiss and answer to the Cross Claim on November 7, 2008, and proceeded to litigate the claims asserted against it by CAT 5 in state court. See Certified Copy of Case Action Summary, Exhibit 2.

On January 6, 2009, CAT 5 filed an Amended Cross Claim against CMT and added third party claims against National Casualty and Ace alleging breach of contract, third party beneficiary status, bad faith and negligence against those insurance companies. After filing answers to the Amended Cross Claim and Third Party Complaint, defendants CMT, National Casualty and Ace in July 2009 filed separate Motions to Sever the cross claim/third party claims from the underlying personal injury lawsuit. On September 18, 2009, the Circuit Court of Mobile County granted the Motions to Sever. On September 25, 2009, CAT 5 filed a Motion to Reconsider the Court's Orders granting the severances. Before the Motion to Reconsider was

heard or otherwise given an opportunity to be decided, the defendants, including CMT, removed the case to this Court (National Casualty and Ace filed their removal notices on September 28, 2009; CMT filed its removal the following day, September 29, 2009).

At the time of removal, the plaintiffs' original claims against CMT and the Cross Claim asserted by CAT 5 against CMT had both been pending for over one year (in the case of the original Complaint, over two years); thus, the removal by CMT was in direct contravention of the time limitations prescribed by 28 U.S.C. § 1446(b).

III. Colonel McCrary's Removal Violates the time limitations of 28 U.S.C §1446(b)

This case should be remanded back to state court because CMT's removal occurred more than 30 days and more than one year from the date it was put on notice of the Cross Claim filed by CAT 5. Although the Cross Claim was initially filed as an exhibit to CAT 5's Motion for Leave to File, case authorities have held that this pleading is sufficient to put a defendant on notice of the claim for purposes of calculating time deadlines for removal of cases to federal court. See, generally, Michetti Pipe Stringing, Inc., Murphy Bros., Inc., 125 F.3d 1396 (11th Cir 1997)(Ala.); Webster v. Sunnyside Corp., 836 F.Supp. 629 (S.D. Iowa 1993); Comes v. Microsoft Corp., 403 F.Supp.2d 897 (S.D. Iowa 2005) (The "30 day clock" begins to run when the defendant was served with the motion for leave to amend the complaint and had notice of the purported claims. *Id.*, at 900.) It should also be noted that under Alabama procedural rules, given the posture of the underlying case, it was not necessary for CAT 5 to seek leave of court to file the Cross Claim. See, Rule 15, Alabama Rules of Civil Procedure. Thus, the filing of the Motion for Leave was merely a *pro forma* request. Clearly, on September 26, 2008, CMT was on notice of CAT 5's claims against it. CMT's removal was not filed until September 29, 2009.

Further, CMT, upon receiving notice of CAT 5's claims, took no action to sever the Cross Claim or otherwise attempt removal to federal court even though, allegedly, diversity of citizenship existed at that time between it and CAT 5. See Petition for Removal filed by CMT. Generally, defendants have a duty to inquire as to the removability of an action in order to be entitled to a tolling of the statutory time limitations. See, Weaver v. Miller Elec. Mfg. Co., Inc., 616 F.Supp. 683 (S.D. Ala. 1985). Indeed, to the contrary, CMT evidenced intent to litigate these claims in state court by filing an Answer to the Cross Claim as well as other substantive pleadings. It was not until CAT 5 amended the Cross Claim to bring in, as third party defendants, National Casualty and Ace, that CMT first made any effort to position the underlying case for removal by filing a Motion to Sever and then only after National Casualty and Ace had filed their Motions to Sever. Failure to remove and litigating the case in state court operates as a waiver of removal.

As noted, CMT did not file its Notice of Removal until September 29, 2009, a year and three days beyond the date it was served with CAT 5's Cross Claim. Since CMT's removal was and is untimely under 28 U.S.C. §1446(b), CAT 5's claims against CMT should be remanded to state court.

IV. The Removal by National Casualty and Ace American Lacks unanimity

In order for a case to be removed to federal court all defendants must agree to the removal. Russell Corp. v. American Home Assurance Co., 264 F.3d 1040 (11th Cir. 2001) (Ala.). This is otherwise known as the unanimity requirement. Here, because CMT's removal was untimely, it could not, as a matter of law, give its consent to the removals filed by National Casualty and Ace; hence, since there cannot be unanimity among the defendants, the claims

against National Casualty and Ace should also be remanded to State Court. See, Air Starter Components, Inc. v. Molina, 442 F. Supp. 2d 374 (S.D. Tex. 2006) (which held: if the first-served defendant does not timely remove, a subsequently added or served defendant cannot remove because that defendant cannot fulfill the unanimity requirement.) Likewise, as here, the defendants cannot satisfy the unanimity requirement due to CMT's failure to remove the case within the 30 day or one year time limitation under 28 U.S.C 1446(b); consequently, the entire case should be remanded to the Circuit Court of Mobile County.

**V. Alternatively, this Court should abstain
from exercising jurisdiction over the claims
against National Casualty and Ace**

Assuming the Court agrees that CMT's removal was untimely under either the 30 day or one year limitation periods, or both, and that CAT 5's claims against Colonel McCrary are to be remanded to state court, and, further, should this Court disagree for some reason that unanimity in this case is not required, this Court should nevertheless abstain from exercising jurisdiction over National Casualty and Ace because, upon remand of the claims against CMT, there will be a parallel state court action involving the same or similar issues as would be presented in a case remaining in federal court against National Casualty and Ace .

CAT 5's claims against National Casualty and Ace are, in part, for breach of their respective insurance policies with CMT under which CAT 5 claims third party beneficiary status. In addition, CAT 5 is claiming that it is, itself, an insured under the applicable insurance policies. See, CAT 5's Amended Cross Claim/Third Party Claim. Nevertheless, CAT 5's claims against National Casualty and Ace are derivative, in part, to its claims against CMT by virtue of the existence of an "insured contract" as that term is defined under the applicable insurance policies. The "insured contract" at issue is the contract for services entered into between CMT and CAT

5. See, Exhibit 1. It is the existence of this contract between CAT 5 and CMT which forms the basis for CAT 5's claims for coverage not only as a third party beneficiary of the insurance policies between CMT and its insurance companies but also for CAT 5's claims for direct coverage under those two policies.

Thus, should this Court agree that CMT's removal was untimely, this Court should also refrain from exercising jurisdiction over any remaining claims against National Casualty and American under the abstention doctrine laid out by Colorado River Water Conservation Dist. vs. United States, 424 U.S. 800, 96 S. Ct. 1236, 47 L. Ed. 2d 483 (1976).

Under the Colorado River case, courts use a six factor balancing test in order to determine whether or not to sustain from exercising jurisdiction. Those six factors are: 1) one of the courts has assumed jurisdiction over property; 2) inconvenience by proceeding in the federal forum; 3) the potential for piecemeal adjudication; 4) the order in which the forum obtained jurisdiction and the relative progress of each; 5) whether state or federal law will apply; and, 6) the state court's ability to protect the parties' rights. See, American Bankers Ins. Co. of Fla. v. First State Ins. Co., 891 F.2d 882, 884 (11th Cir. 1990).

Here, prior to removal, the state court assumed jurisdiction over the case and is a court competent jurisdiction to resolve the issues between the parties; it would be extremely inconvenient to proceed against CMT in state court while a separate case would be proceeding in federal court against CMT's insurers; the potential for piecemeal adjudication is very high in this situation in that both cases will turn on the existence and operation of the contract between CMT and CAT 5; state court had jurisdiction over these claims initially, and is intimately familiar with the underlying facts and procedural status of the case which would place the Circuit Judge in a much better position to resolve the disputes; it is undisputed that state law will apply to the issues

in this case, i.e., there is no federal question involved here. State court is eminently able to protect all of the parties' rights should the entire case be remanded back to the Circuit Court of Mobile County.

It should be noted that the underlying case originated in August 2007 with the filing of the original Complaint in the underlying case in state court. Since then the parties and the court have engaged in vigorous discovery and motion practice. The case was removed to federal court twice and was twice remanded. Hearings as to discovery disputes and substantive motions were conducted. Settlements were reached and approved by the court. One of those settlement hearings involved the *pro tanto* settlement of the plaintiffs' claims against CMT and Joe Edward Johnson which was entered into over the objection of CAT 5 and which forms the basis of one of CAT 5's claims in this case, to wit: that National Casualty and Ace engaged in bad faith by their refusal to include CAT 5 as a party to be released in the settlement with the plaintiffs. In short, the state court judge is intimately familiar with the underlying facts, parties and issues involved and is positioned to resolve the dispute in its entirety as opposed to a possible piecemeal adjudication should all claims not be remanded to state court.

Because the state court is in a better position to resolve the disputes of all parties, should the claims against CMT be remanded, this Court should abstain from exercising jurisdiction over the remaining claims against National Casualty and Ace.

Conclusion

This case should be remanded back to state court by the failure of Colonel McCrary to remove the case within a year's time. 28 U.S.C. § 1446(b) prohibits federal courts from exercising jurisdiction over diversity cases pending in state court for over one year. The claims against Colonel McCrary asserted by Category 5 existed for more than one year. The claims of

the plaintiffs against CMT existed for over two years prior to removal. This Court is precluded from exercising jurisdiction over Colonel McCrary for this reason. Since Colonel McCrary could not consent to a removal the removal lacks unanimity among the defendants and, as a result, the entire case should be remanded to state court.

wage rate and fringe benefits on the wage determination for the classification of work actually performed, without regard to skill, except as provided in § 5.5(a)(4). Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: *Provided*, That the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classification and wage rates conformed under paragraph (a)(1)(ii) of this section) and the Davis-Bacon poster (WH-1321) shall be posted at all times by the contractor and its subcontractors at the site of the work in a prominent and accessible place where it can be easily seen by the workers.

(ii)(A) The contracting officer shall require that any class of laborers or mechanics, including helpers, which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. The contracting officer shall approve an additional classification and wage rate and fringe benefits therefore only when the following criteria have been met:

(C) In the event the contractor, the laborers or mechanics to be employed in the classification or their representatives, and the contracting officer do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the contracting officer shall refer the questions, including the views of all interested parties and the recommendation of the contracting officer, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(D) The wage rate (including fringe benefits where appropriate) determined pursuant to subparagraphs (1)(B) or (C) of this paragraph, shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

(iii) Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the contractor shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.

(iv) If the contractor does not make payments to a trustee or other third person, the contractor may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program, *Provided*, That the Secretary of Labor has found, upon the written request of the contractor, that the applicable standards of the Davis-Bacon Act have been met. The Corp of Engineers shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld from the contractor under this contract or any other Federal contract with the same prime contractor, or any other Federally-assisted contract subject to Davis-Bacon prevailing wage requirements, which is held by the same prime contractor, so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees, and helpers, employed by the contractor or any subcontractor the full amount of wages required by the contract. In the event of failure to pay any laborer or mechanic, including any apprentice, trainee, or helper, employed or working on the site of the work (or under the United States Housing Act of 1937 or under the Housing Act of 1949 in the construction or development of the project), all or part of the wages required by the contract, the (Agency) may, after written notice to the contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

Secretary of Labor has found under 29 CFR 5.5(a)(1)(iv) that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in section 1(b)(2)(B) of the Davis-Bacon Act, the contractor shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits. Contractors employing apprentices or trainees under approved programs shall maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs.

(ii)(A) The contractor shall submit weekly for each week in which any contract work is performed a copy of all payrolls to the Corp of Engineers if the agency is a party to the contract, but if the agency is not such a party, the contractor will submit the payrolls to the applicant, sponsor, or owner, as the case may be, for transmission to the Corp of Engineers. The payrolls submitted shall set out accurately and completely all of the information required to be maintained under § 5.5(a)(3)(i) of Regulations, 29 CFR Part 5. Furthermore, failure to submit the required records upon request or to make such records available may be grounds for debarment action pursuant to 29 CFR 5.12.

(4) Apprentices and Trainees--

(i) Apprentices. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated above, shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. Where a contractor is performing construction on a project in a locality other than that in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyman's hourly rate) specified in the contractor's or subcontractor's registered program shall be observed. classification. If the Administrator determines that a different practice prevails for the applicable apprentice classification, fringes shall be paid in accordance with that determination. In the event the Office of Apprenticeship Training, Employer and Labor Services, or a State Apprenticeship Agency recognized by the Office, withdraws approval of an apprenticeship program, the contractor will no longer be permitted to utilize apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(ii) Trainees. Except as provided in 29 CFR 5.16, trainees will not be permitted to work at less than the predetermined rate for the work performed unless they are employed pursuant to and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training Administration. The ratio of trainees to journeymen on the job site shall not be greater than permitted under the plan approved by the Employment and Training Administration. Every trainee must be paid at not less than the rate specified in the approved program for the trainee's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Trainees shall be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits listed on the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the corresponding journeyman wage rate on the wage determination which provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate who is not registered and participating in a training plan approved by the Employment and Training Administration shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. In the event the Employment and Training Administration withdraws approval of a training program, the contractor will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(8) Compliance with Davis-Bacon and Related Act requirements. All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR Parts 1, 3, and 5 are herein incorporated by reference in this contract.

Requirements differing in degree are not conflicts and the Sub-contractor shall comply with the more onerous requirement.
